

Outsourcing Your Accounting

Outsourcing of book keeping and accounting functions is an investment that generates handsome returns. It is easy to implement and requires very little lead time to get going.

- *Savings of 50% in accounting costs*
- *Easy to implement*
- *Safe, secure, confidentiality protected and assured*

Accounting is one of the most well defined and well understood activities in a business enterprise. It follows widely accepted rules that can be implemented by a trained accountant with minimal difficulty.

Large corporations in the US and Canada such as Ford, IBM, United Airlines, GE and others have been reaping the benefits of outsourcing for many years now. They discovered that outsourcing accounting functions can release massive amounts of capital for investment in core areas for businesses growth. Now, for the first time even mid-size companies take implement this cost saving methodology.

Amisource has a team of skilled accountants ready to take on the accounting function for you. You can have your accounting entries done overnight and ready when you arrive the next morning. No more employees to supervise, payroll taxes to pay or health benefits to worry about.

Manage increasing sales and revenues with existing staff levels. Watch productivity per employee climb dramatically. Watch expenses go down and profits go up!

Call *Amisource* NOW and find out how your company can take advantage of the many benefits that outsourcing has to offer. One of our experienced and trained consultants will be happy to review your specific needs, evaluate and quantify the savings.

We look forward to your call! Or email us at info@amisource.com for a no obligation proposal and offer.
